Notes

We realize that the need for connection in our healthcare communities has never been greater, even though being in the same place is not possible right now.

Health Connect Partners' brand new *Virtual Reverse Expo* experience will provide a new way to bring Providers and Suppliers together to learn, connect, and support each other remotely.

Our *Virtual Reverse Expo* will facilitate **5 minute one-on-one meetings** in a custom platform developed specifically to foster the connections for which Health Connect Partners' events are known. Our mission is more important than ever, and we are dedicated to helping you maintain connection with the hospitals that need you the most during this physically disconnected and medically emergent time.

We look forward to hosting you for a groundbreaking "live-online" event experience.

Please contact us for more information on how you can participate.
